6 Higher Education THE STAR, THURSDAY 13 APRIL 2017

Rewarding academic achievements

Phon Jett Cheng, UTM, Azmi Sofah, Edrine Saha, Chang, Prof Dr Ahmad Fauzi Ahmad the management of UTM, Abdulmalik, Prof Dr Mohd Azrae Kassin the management of UTMSPACE, Nur Aish Elipasa, Nur Syahida, Nur Syah, Harwan and Annuar at the UTMSPACE event.

ADMISSION TO DIPLOMA AND BACHELOR PROGRAMMES
2017 INTAKE

- 1 UNIVERSITY
- 12 COURSES & SPECIALISATIONS
- YES PROGRAMMES
- OVER 25,000 STUDENTS

Areas and Specialisations

- Accounting, Entrepreneurship, Sports Finance, Marketing and International Business
- Information Technology, Multimedia Technology and Business Technology
- Chemical and Biotechnology Technology
- Automotive Components and System Technology
- Marine Engineering Technology
- Quality Engineering, Facilities Maintenance and Industrial Logistics
- Medical and Allied Health Sciences
- Medical Science Technology
- Aerion and Aircraft Maintenance Technology
- Bioprocess, Electronics, Medical Electronics and Telecommunication Technology
- Industrial Maintenance Technology, Design and Manufacturing
- Design, Manufacturing and Engineering Business Management

Meet Us At:
PAMERAN PENDIDIKAN PARLIMEN KUALA KANGSAR 2017
• Sun 21 - 22 April 2017 • Time: 9.00 am - 1.00 pm • Venue: Dewan Duta Setia Alam Shah, Bukit Dendang, Kuala Kangsar

Tabung Biasiswa UTMSPACE was launched by UTM Board of Directors Chairman Tan Sri Abdul Halim, Ais during the Tabung Biasiswa UTMSPACE and UTM Charity Golf Tournament 2017 Prize Giving Ceremony. At the event, the sponsor that took part in the UTM charity golf tournament were also announced.

This is a corporate social responsibility (CSR) initiative of UTMSPACE for students with excellent academic achievements.

However, the selected students must accomplish some criteria as stated by UTMSPACE academic management.

UTMSPACE hopes the establishment of Tabung Biasiswa UTMSPACE can help eligible students reduce their burden in daily living costs throughout their studies in UTM.

Scholarship fund

Among the recipients of UTMSPACE Scholarship Fund was Luk Ching Sze Shook. She never thought she would have the opportunity, as there were more applicants. The most important thing for her was to achieve her goal by gaining more knowledge in her field.

The first-year student of Malaysia said she had no qualms in choosing the university as its engineering programmes had been certified by the Board of Engineers of Malaysia.

Diploma in Civil Engineering student Muhammad Nurwan Muhammad (Mubandul) expressed his gratitude for being among the recipients of the UTMSPACE Scholarship Fund.

It motivated him to strive forward to gain more knowledge, adding that he hoped to share the knowledge with others in the future.

Centre of excellence

He added that UTM was a centre of excellence in the country, particularly in the field of engineering, science and technology, adding that the appropriate tools and infrastructure provided were the best.

Topline in Science Computer student Khusnawati Rajan reported the initiative as the university's social support to help students in need to lessen their financial burden.

She added that the management of the university is always taking initiatives to solve any difficulty faced by students.

She added that the lecturers had helped her in many aspects related to the learning process and were willing to help regardless of time and circumstances.

Indeed, UTM had put the priority on making the journey of studying in UTM a wonderful one.

Students who received the benefits from the scholarship were those who had excelled in academics, but unable to afford the tuition fees.

It was for deserving students that the UTM Charity Scholarship was held to encourage the corporate companies as well as individuals to help students in need to excel in their studies.

This event was organized with the help of the UTM Alumni, especially in getting sponsors for the golf tournament.

It is believed that apart from collecting funds, the golf tournament could pressure UTMSPACE.

Strong network

The sponsorship from the corporate sector has reached RM1.6 million, showing a strong network between the university and industry.

Below are the scholarship recipients:

- Luk Ching Sze Shook (UTM Diploma)
- Nur Izzah Nurin (UTM Diploma)
- Nur Syahida Inayat (UTM Diploma)
- Khusnawati Rajan (UTM Diploma)
- Muhammad Nurwan Muhammad (UTM Diploma)
- Nur Aish Elipasa (UTM Diploma)
- Wong Wai King (UTM Degree)
- Edrine Saha Mohd Nizar (Open College)
- Azmi Sofah (Open College)
