PERUTUSAN MENTERI
Minister's Foreword

Saya ingin merakamkan setinggi-tinggi penghargaan kepada Perbadanan Harta Intelek Malaysia (MyIPO) atas pencapaiannya sepanjang tahun 2012 dalam mengukuhkan lagi sistem perlindungan harta intelek di Malaysia. Komitmen yang telah diberikan oleh MyIPO adalah sejajar dengan usaha Kerajaan dalam menyokong Program Transformasi Ekonomi (ETP) dan Program Transformasi Kerajaan (GTP) melalui inisiatif-inisiatif yang telah dilaksanakan.

Bagi merealisasikan transformasi kepada sistem perlindungan harta intelek yang lebih efektif, Kerajaan telah memberi fokus kepada pindaan perundangan harta intelek, penambahbaikan sistem penyampaian perkhidmatan dan pelaksanaan inisiatif baru yang memberi manfaat kepada rakyat dan negara.

Dalam menyediakan persekitaran harta intelek yang kondusif, Kerajaan telah meluluskan Akta Hak Cipta (Pindaan) 2012 yang telah mula berkuatkuasa pada 1 Mac 2012 dan telah menggubal Peraturan-Peraturan Hak Cipta baru yang memberi manfaat kepada pencipta dan pengkarya tanah air. Susulan dari pindaan Akta ini dan aktiviti penguatkuasaan yang berterusan, *United States Trade Representative (USTR) Annual "Special 301" Report* telah mengeluarkan Malaysia daripada senarai negara-negara dalam pemerhatian bagi isu perlanggaran hak harta intelek pada 30 April 2012. Peraturan-Peraturan Reka Bentuk Perindustrian (Pindaan) 2012 juga telah dikuatkuasakan pada 15 Februari 2012 sebagai usaha penambahbaikan sistem pendaftaran sedia ada. Pindaan tersebut seterusnya dapat membantu penguatkuasaan yang lebih berkesan dan memastikan ianya konsisten dengan perkembangan terkini dan standard antarabangsa. Saya berharap dengan usaha ini dapat meningkatkan keyakinan pemilik untuk melindungi harta intelek mereka di samping menggalakkan budaya inovasi dan kreatif di kalangan masyarakat di negara ini.

Dalam meningkatkan sistem penyampaian perkhidmatan, Kerajaan memberi sokongan padu kepada usaha MyIPO untuk memperkenalkan Sistem Pemberitahuan Hak Cipta Secara Sukarela bagi memenuhi keperluan industri kreatif negara. Sistem ini yang berperanan sebagai pangkalan data karya hak cipta nasional dapat membantu pemilik hak cipta dalam membuktikan keempunyaan sesebuah karya berhakcipta. Di samping itu, Jurnal Rasmi Harta Intelek juga diperkenalkan bagi memudahkan orang awam mengakses maklumat pewartaan dan penerbitan harta intelek secara atas talian. Kedua-dua sistem ini telah mula beroperasi pada Jun 2012.

Kerajaan amat prihatin terhadap keperluan industri kecil dan sederhana (IKS) untuk memajukan perniagaan mereka melalui pengkomersialan harta intelek. Menerusi pembentangan Bajet 2013 pada 28 September 2012, Kerajaan telah mengumumkan Model Penilaian Harta Intelek sebagai inisiatif baru bagi membenarkan harta

I would like to express my sincere gratitude to Intellectual Property Corporation of Malaysia (MyIPO) for its 2012 achievements in improving the IP protection system in Malaysia. The commitments shown by MyIPO were in line with the Government's efforts in supporting the Economic Transformation Programmes (ETP) and Government Transformation Programmes (GTP) by the initiatives that have been carried out.

In realizing the transformation towards a more effective intellectual property protection system, the Government has focused on the amendment of IP laws, the improvement of service delivery and the initiation of new efforts that benefit the people and the country.

In providing a conducive IP environment, the Government has passed the recent amendments to the Copyright (Amendment) Act 2012 that came into effect on 1 March 2012 and legislated the Copyright Regulations that would be beneficial for the local creators and authors. Following the amendment of this Act and ongoing enforcement activities, on 30 April 2012 the United States Trade Representative (USTR) Annual "Special 301" Report has removed Malaysia from the list of countries with IP infringement issue. Industrial Designs Regulations (Amendment) 2012 have come into effect on 15 February 2012 to further improve the existing IP registration system. The amendments could further assist in a more effective enforcement and to ensure that we are in consistency with the latest developments and international standards. It is my hope that with this endeavour, copyright owners are more confident in protecting their IP rights locally with MyIPO and that the public is encouraged to foster an innovative and creative attitude.

In improving its service delivery system, MyIPO has the full support of the Government in introducing Copyright Voluntary Notification System to fulfil the needs of the local creative industry. This system serves as a database for information relating to local copyright works and is helpful to prove copyright ownership. In addition, IP Official Journal is introduced to facilitate the public to access information on IP advertisements and publications via an online system. Both systems has come into operation in June 2012.

The Government pays great attention to the small and medium enterprises (SME) that requires assistance to develop their business by way of IP commercialization. Through the 2013 Budget tabled on 28 September 2012, the Government has announced an IP Valuation model as a new initiative to allow commercial valuation of IPs that

intelek dinilai secara komersial dan seterusnya digunakan sebagai cagaran bagi memperolehi pembiayaan dari institusi kewangan. Sebagai langkah permulaan, sekumpulan penilai harta intelek tempatan akan diwujudkan dan Kerajaan telah menyediakan peruntukan dana kepada MyIPO bagi mengendalikan program latihan serta mewujudkan platform pasaran harta intelek yang akan dilaksanakan pada 2013.

can be used as a collateral to gain loans from financial institutions. As a first step, a group of local IP valuers will be trained and the Government has allocated a sum of fund for MyIPO to carry out the training programme. In addition, MyIPO will also create a platform for IP market that will be implemented in 2013.

Sambutan Hari Harta Intelek Negara yang telah diadakan pada 26 April 2012 di Kuantan, Pahang dengan tema “Harta Intelek Pemacu Transformasi”. Inisiatif ini adalah selaras dengan agenda Kerajaan untuk menganjak nilai rantaian (value chain) ekonomi ke tahap yang lebih tinggi melalui pembudayaan inovasi di setiap lapisan masyarakat. Dengan sambutan ini juga, Kerajaan mengiktiraf pereka cipta, pencipta serta organisasi tempatan melalui Anugerah Harta Intelek Negara atas sumbangan harta intelek mereka dalam kemajuan ekonomi dan sosio-budaya negara.

The National Intellectual Property Day celebration was held on 26 April 2012 in Kuantan, Pahang, with the theme “Intellectual Property Driving Transformation”. This initiative is in line with the Government’s agenda to shift the economy value chain to a higher level through innovative culture at each level of society. In this celebration, the Government recognizes inventors, innovators and local organisations through the National Intellectual Property Award for their contributions of their IP in economic and socio-cultural development of the nation.

Pada tahun 2012 ini juga, Malaysia telah menyertai dua triti antarabangsa iaitu *WIPO Copyright Treaty (WCT)* dan *WIPO Performances and Phonograms Treaty (WPPT)* yang mula berkuatkuasa di Malaysia pada 27 Disember 2012. Inisiatif ini merupakan usaha Kerajaan untuk memastikan perlindungan yang lebih berkesan ke atas karya hakcipta dalam persekitaran digital. Kedua-dua triti ini menyediakan asas perundangan bagi perdagangan elektronik dan seterusnya menggalakkan industri hak cipta negara, menarik pelaburan serta melindungi hasil kreativiti tempatan.

Malaysia has also joined two international treaties, namely the WIPO Copyright Treaty (WCT) and the WIPO Performances and Phonograms Treaty (WPPT), which came into force in Malaysia on 27 December 2012. This initiative is the Government’s effort to ensure a more effective protection of copyright works in the digital environment. Both of these treaties provide the legal basis for electronic commerce and further spur the local copyright industry, attract investments and protect local creative products.

Semoga semua pihak yang terlibat dapat meneruskan usaha dalam menyokong agenda Kerajaan menjadikan harta intelek sebagai sumber kekayaan baru dan pemangkin kepada kemajuan ekonomi negara. Saya percaya, dengan usaha-usaha yang dilaksanakan oleh MyIPO dalam memperkasakan hak harta intelek, Malaysia mampu mencapai taraf negara maju menjelang 2020.

I hope that all involved parties will continue their efforts in support of the Government’s agenda to make IP as a source of new wealth and a catalyst for economic progress. I believe, with these efforts undertaken by MyIPO in strengthening IP rights, Malaysia is able to achieve the status of developed nation by 2020.

PERUTUSAN KETUA PENGARAH
DIRECTOR GENERAL'S MESSAGE

Assalamualaikum warahmatullahi wabarakatuh dan Salam 1Malaysia.

Prestasi pada tahun 2012 menunjukkan satu perkembangan positif kepada MyIPO dalam penambahbaikan sistem penyampaian perkhidmatan harta intelek di negara ini.

MyIPO telah melancarkan perkhidmatan baru iaitu Pemberitahuan Hak Cipta Secara Sukarela sebagai usaha penambahbaikan kepada sistem perlindungan hak cipta di Malaysia yang akan menyokong industri kreatif negara. MyIPO juga telah membangunkan sistem pewartaan harta intelek secara atas talian yang dikenali sebagai sistem Jurnal Rasmi Harta Intelek yang telah dibuka kepada pengguna untuk membuat carian dan melihat senarai permohonan yang telah diwartakan. Selain itu, MyIPO telah dianugerahkan pensijilan MS ISO 9001:2008 untuk pemeriksaan dipercepatkan bagi paten dan cap dagangan pada Mac 2012. Pensijilan ini merupakan pengiktirafan kepada usaha MyIPO dalam menyediakan sistem penyampaian pendaftaran yang lebih tersusun dan memenuhi kehendak klien.

Bagi mendukung peranan MyIPO sebagai sebuah agensi yang mentadbir urus pendaftaran harta intelek di Malaysia, MyIPO dengan kerjasama Unit Pemodenan Tadbiran dan Perancangan Pengurusan Malaysia (MAMPU) telah merangka pelan strategik ICT bagi tempoh lima tahun (2013-2017). Pelan Strategik ICT (PSICT) Perbadanan Harta Intelek Malaysia menggariskan empat teras strategik yang dijangka memberi impak kepada sistem penyampaian perkhidmatan agensi. Selain itu, laman web MyIPO juga telah diiktiraf sebagai laman web bertaraf lima bintang dalam *Malaysia Government Portals and Websites Assessment (MGPWA)* 2012. Ini membuktikan komitmen MyIPO dalam memastikan informasi disampaikan secara efektif kepada masyarakat umum.

Sepanjang 2012, MyIPO telah mempergiat kempen kesedaran mengenai kepentingan perlindungan harta intelek di seluruh negara dengan kerjasama pelbagai pihak kerajaan negeri, agensi kerajaan, institusi pendidikan, badan-badan bukan kerajaan, dewan-dewan perniagaan dan pengamal harta intelek. Antara program yang telah dilaksanakan adalah seperti seminar, bengkel dan latihan mengenai harta intelek, pameran, temu ramah di televisyen dan radio serta sisipan akhbar. Manakala di peringkat antarabangsa, MyIPO telah menyertai beberapa pameran luar negara di China, Indonesia dan Emiriah Arab Bersatu. Penglibatan di peringkat antarabangsa ini memberi pendedahan dan pengalaman baru kepada MyIPO untuk mempromosi perkhidmatannya dalam rangkaian harta intelek global.

Assalamualaikum warahmatullahi wabarakatuh and Salam 1Malaysia.

Performance in 2012 has shown a positive development for MyIPO in improving the delivery system of IP services in the country.

MyIPO has launched two new services, which include Copyright Voluntary Notification System as an effort to improve copyright protection system in Malaysia that supports the local creative industry. MyIPO has also developed an online system of IP gazette, known as Intellectual Property Official Journal that has been opened to users to search and view a list of applications that have been gazetted. MyIPO has also been awarded the MS ISO 9001:2008 certification for expedited examination of patents and trade marks in March 2012. This certification is an acknowledgment of MyIPO's effort in providing a more organized delivery registration system that meets the client's needs.

In supporting the role of MyIPO as an agency which is responsible in administering IP in Malaysia, MyIPO in collaboration with Malaysian Administrative Modernisation and Management Planning Unit (MAMPU) has laid down a 5-year ICT strategic plan (2013-2017). The MyIPO ICT Strategic Plan (PSICT) has outlined four strategic thrusts that are anticipated to give impact to the agency's service delivery system. Besides that, MyIPO's website was also recognized as a 5-star website in the Malaysia Government Portals and Websites Assessment (MGPWA) 2012. This indeed has reflected MyIPO's commitment in ensuring information is disseminated effectively to the public.

During 2012, MyIPO has intensified awareness campaigns nationwide on the importance of IP protection in collaboration with various organisations including state governments, government agencies, educational institutions, non-governmental bodies, chambers of commerce and IP practitioners. Among the programmes that have been implemented are seminars, workshops and trainings on intellectual property, exhibitions, television and radio interviews as well as newspaper inserts. On the international front, MyIPO has participated in several exhibitions abroad in China, Indonesia and United Arab Emirates. This international involvement provides exposure and new experience to MyIPO in promoting its services in the global IP network.

Modal insan merupakan aset penting bagi sesebuah organisasi. Menyedari hakikat ini, MyIPO telah mewujudkan sistem saraan baru bagi menggantikan sistem saraan terdahulu. Sistem yang lebih kompetitif ini dikenali sebagai Sistem Saraan Harta Intelek (SSHI). Sistem saraan ini menawarkan skim perkhidmatan yang lebih baik dari segi perjawatan dan kemajuan kerjaya untuk semua warga kerja MyIPO. Selain itu, Dana Pembiayaan Pendidikan MyIPO telah diperkenalkan dalam usaha menggalakkan warga MyIPO menyambung pendidikan ke peringkat yang lebih tinggi dan seterusnya dapat menyumbang kepakaran kepada organisasi. Dana ini memberi peluang kepada warga MyIPO untuk meluaskan pengetahuan dan kemahiran dalam bidang tugas masing-masing. Di samping itu, program-program pembangunan modal insan dilaksanakan secara berterusan melalui latihan bina upaya dan *teambuilding* bagi melengkapkan warga kerja MyIPO bukan sahaja berkemahiran malah mempunyai jati diri yang positif ke arah melahirkan warga kerja yang berintegriti.

Human capital is an important asset for an organisation. Realizing this nature, MyIPO has developed a new remuneration system to replace the former system. The more competitive system is known as Sistem Saraan Harta Intelek (SSHI). This system offers a better service scheme in terms of employment and career advancement. In addition, the MyIPO Education Fund has been introduced in a bid to encourage MyIPO staff to further their studies and later contribute their expertise to the organisation. This fund provides opportunities for MyIPO staff to expand their knowledge and proficiency in each of their work field. At the same time, continuous human capital development programmes were carried out through capacity building trainings and teambuilding exercises to further equip MyIPO staff with positive virtues in nurturing a skilled workforce with integrity.

MyIPO yakin, pendekatan yang diambil ini mampu meningkatkan keberkesanan sistem penyampaian perkhidmatan ke arah kecemerlangan organisasi. Sehubungan itu, saya ingin melahirkan rasa kesyukuran atas pencapaian MyIPO sepanjang 2012 dan berterima kasih kepada semua klien, *stakeholders*, warga MyIPO dan komuniti harta intelek. Kejayaan MyIPO dalam merealisasikan inisiatif-inisiatif yang telah dirancang adalah hasil kerjasama dan sokongan padu yang telah diberikan oleh semua pihak.

MyIPO is confident that this approach can improve the effectiveness of the delivery system towards organisational excellence. Therefore, I would like to express my gratitude for MyIPO's achievements throughout 2012 and I am grateful to all clients, stakeholders, employees and intellectual property community. MyIPO's success in realizing the planned initiatives is the result of strong cooperation and support given by all parties.

Akhir sekali, saya berharap kerjasama yang erat dengan komuniti harta intelek dan *stakeholders* dapat diteruskan bagi memupuk budaya celik harta intelek di kalangan masyarakat seterusnya memastikan landskap harta intelek di Malaysia lebih dinamik.

Finally, I hope that this close cooperation with the IP community and stakeholders will be continued to foster a culture of IP literacy in the community thus ensures a more dynamic IP landscape in Malaysia.

Sekian, terima kasih.

Thank you.

Kerjasama Serantau & Antarabangsa
Regional & Global Co-operation

Harta intelek merupakan isu global yang akan terus berkembang selaras dengan kemajuan teknologi serta pembangunan ekonomi dan sosial. Malaysia kini memberi keutamaan kepada kepentingan perlindungan hak harta intelek yang merupakan aset penting dalam pembangunan ekonomi untuk mencapai status negara maju. Perlindungan hak harta intelek adalah bersifat kewilayahan dan tertakluk kepada undang-undang domestik namun kerjasama dalam bidang harta intelek merentasi sempadan antarabangsa. Kerjasama ini bertujuan memanfaatkan perkongsian strategik dalam pelbagai bidang teknikal harta intelek dan memastikan rangka perundangan harta intelek turut mengambil kira perkembangan di peringkat antarabangsa.

IP is an emerging global issue in line with technology advancement as well as economic and social development. Malaysia is now emphasizing on the importance of IP rights protection, a crucial asset in developing the economy to achieve the status of developed country. IP protection is territorial in nature and subjected to domestic laws, though co-operation in IP transcends any border. This co-operation aims to take advantage of the strategic partnership in various technical fields of IP and to ensure IP legal framework is inline with new development at the international level.
