After 2 days of intense discussion on Campus in Campus programs organized by Tdukuba University, we were treated to a very lovely dinner. Prof Ahmad Fauzi Ismail gave a very impacful speech albeit short one during to the "Toast " to start the dinner. Jelena was lovely in her kimono outfit. Met many friends from Tsukuba U during this trip. UTM is now one of the 4 partners in this prestigious program. And Datuk Seri Zaini Ujang was there to witness the signing. And he gave a full house talk on eco strategy and as usual very inspiring talk. Very short but really fruitful trip to Japan

Enough trip for the year. Now going to concentrate on financial autonomy for mjiit and of course my son's upcoming wedding.
